DETAILED ACTION

Allowable Subject Matter

1. Claims 1-31 are allowed.
2. The following is an examiner's statement of reasons for allowance:
 - a. With respect to claims 1 and 9, the claims have been found allowable over the prior art of record because the prior art of record fails to teach or fairly suggest a method for determining a molecular property of each constituent in a mixture of hydrocarbons in a portion of earth formation surrounding a borehole comprising the step of calculating at least one molecular property selected from the list of molecular size distributions, molecular weight distributions and carbon number distributions for the mixture from the at least one dynamic constituent in combination with the remaining limitations of the claim.
 - b. With respect to claim 18, the claim has been found allowable over the prior art of record because the prior art of record fails to teach or fairly suggest a method of well logging comprising the step of calculating at least one molecular property selected from the list of molecular size distributions, molecular weight distributions and carbon number distributions for the mixture from the at least one dynamic constituent in combination with the remaining limitations of the claim.
 - c. With respect to claim 26, the claim has been found allowable over the prior art of record because the prior art of record fails to teach or fairly suggest a method for determining a molecular property distribution in a liquid sample comprising the step of

calculating at least one molecular property selected from the list of molecular size distributions, molecular weight distributions and carbon number distributions for the liquid sample from the NMR parameter distribution in combination with the remaining limitations of the claim.

d. With respect to claims 2-8, 10-17, 19-25 and 27-31, the claims have been allowed due to its dependency on claims 1, 9, 18 and 26 above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
